Summary

I am good at developing and maintaining a positive, professional team work relationship around others. I am a dynamic hard worker who is able to deal well with challenges within a busy and demanding environment. My work experience and strength has enhanced my production, organization and leadership skills. I am an independent worker who aims for excellence all times. I will work hard to make sure that I meet my targets.

My objective is to learn and work in institution as well as organization where I can develop my skills and explore my talents with the drive and motivation to work towards attaining the aims and objectives and meet deadlines as stipulated.
